Payment Plan for the Fall 23/Spring 24 Travel Season

Starting with the Fall 2023 travel session, travel registration will be for both the fall and spring sessions. This decision was made after assessing other travel programs in our area. This change will allow continuity between the teams for the entirety of the season while reducing overhead for our Association and Travel Program.

With this increase in registration cost, we have created a payment plan option for you to choose upon checkout. This plan will divide the cost of the registration over three payments. Please note, each payment will include a mandatory \$3 surcharge from SportsConnect to complete payment. You also have the option of paying all at once if you choose.

To select the Fall 23/24 Travel Payment Plan option, you will first need to complete the travel registrations for your child(ren). When you get to your cart, you will see an option for payment options on the right-hand side of the cart:

Selecting this option will open a pop-up:
